- In the Nursery the Learning Themes are based around book of the week and the children's interests.
- Oaks will also be covering a RWI letter sound and a number each week
- In the pre-prep the children have an hour each morning of literacy and numeracy where they will work in differentiated groups.
- All of the children have a weekly forest school session and many lessons are taught through the forest school platform
- Children in Nursery are offered swimming lessons each week with a parent joining the lesson. All pre-prep children swim each week.
- All children have a weekly dance lesson to support performances throughout the year
